Dear Principal

Award of a Principal's Prize and a College Prize to Eduardo Rodriguez

It gives me great pleasure to inform you that the Education Committee has awarded a College Prize to Eduardo Rodriguez, reading Physics and a former member of IES Penaflovida Usandizaga. I have also awarded Eduardo a Principal's Prize.

The awards recognise Eduardo for achieving a First in his third year examinations, and for coming very close to the top of his year in the University as a whole. He came second out of 122 in his year; a most impressive achievement. I am sure you will be pleased to know of his good progress.

Somerville will always be pleased to welcome entrants from IES Penaflovida Usandizaga, and I hope that Eduardo's success here will be an encouragement to other applicants.

Yours sincerely, *with all good wishes,*

Alice Prochaska
